Subj: BACKGROUND SUITABILITY ICO DAWN REID SPIER
Date: 5 January 2147

The background investigation for Dawn Reid Spier, currently an applicant for Starfleet admission, has revealed information which may preclude entrance to the Starfleet. The applicant has been verified as born on Vulcan, the daughter of Claude Spier, a former employee of the United Earth Space Probe Agency. Applicant grew up on Vulcan and attended the T'Meo Human Academy in the city of Ta'Raan, graduating in June 2146.

Applicant was raised in a Vulcan themed household, with heavy connections to Vulcan culture. She was betrothed to a Vulcan citizen named S'Trista at a young age and her family has strong ties to the Vulcan community, including some Vulcan associates who express hostility towards Vulcan relationships with the United Earth. Applicant has two sisters who have returned to Earth and married, Stacey Elizabeth McGill and Abby Golda Stevenson, and one brother who lives on Vulcan: Luke Alan Spiers under the name S'Piers. A third sister, Mary Anne Spier, continues to live in the Spier home on Vulcan.

Due to the number of associations with non-Earth citizens, a further review of the application is required prior to admission to Starfleet.
